## PROFILE SUMMARY

*I am so fluid, focused and willing to learn new things. In all, I believe in knowledge integrations.*

- Creative Web Designer with 6+ years of experience in managing multiple website and web application design projects. Adept at developing creative and functional UX/UI designs, web page layouts, color schemes, and infrastructure to maintain a cohesive website consistent with client's specific requirements.

## MY OBJECTIVE

- A challenging job in a dynamic and progressive company where my creative talents and innovative capabilities can be efficiently utilized, through hard work, dependability and motivational aspiration and desire to help build the organization to obtain its goals.

## PROFESSIONAL EXPERIENCE

### Accomplishments:

- I have Designed dozens of websites including mobile applications and most of them are live. Check their link below
  1. <https://ogunbzweighingsystem.com/>
  2. <https://payfastlogistics.com/>
  3. <https://lsquare.com.ng/>
- I have a very good knowledge in monetizing website and mobile applications (using both banner ads and interstitials ads) with the use of google AdSense and also promoting it using google AdWords.
- I have a clear understanding of firebase analytics using it to inspect my applications on play Store (checking the hours spent on my apps, the countries and their clicks).
- I am an online instructor and I have my own YouTube channel where I teach programming and other technology such as blockchain technology.
- Delivered new or enhanced developments, such as:
  - Access verification system using Android Studio (mobile app).
  - A complete ecommerce website using BOOSTRAP, HTML, CSS, JAVASCRIPT.
  - A complete ecommerce website using WORDPRESS.
  - systems for keeping employee attendance using EXCEL (attendance management system)
  - A market place web application also known as freelance website. Using WORDPRESS.
- Pure understanding of the blockchain technology and how it works.
